

In cooperation with Monticello Community Center

FREE PHOTO WORKSHOPS

SATURDAY Only March 27, 2010

Held at 9 a.m., 10 a.m., 11 a.m. & 1 p.m.

Held at Monticello Community Center, 505 Walnut St., Monticello

Each workshop will be 30-45 minutes and held in various meeting rooms located down the hallway next to the photo show display area. Look for signs by the doors of each meeting room.

Beginning Digital Photography

Saturday, March 27 (9 a.m. & 10 a.m.) NORTH BRIDGE ROOM

Presented by staff of Central Camera, St. Cloud

This will be conducted as an introduction workshop with topics to include: shutter speeds, aperture sizes (control of light and adjusting depth of field), ISO controls (sensitivity vs. noise), lenses, auto focus (how it works), reading your display, rules of thirds (composing better pictures) and the world of expandability for the digital photographer

Q & A Session on Cameras and Photography

Saturday, March 27 (11 a.m.) NORTH BRIDGE ROOM

Presented by Central Camera, St. Cloud

This is an open ended Q & A session relating to general information related to the basic introduction of digital photography and cameras from the perspective of a beginner.

Shooting Wildlife With Your Camera: The True Capture and Release.

Saturday, March 27 (1 p.m.) NORTH BRIDGE ROOM

Presented by Sanford Smith

This workshop is an introduction of Sanford's wildlife photography adventures within our county, state, and beyond. Topics include: getting ready, when to go, photo equipment, resources, and shooting tips. This is your chance to explore animal wildlife images from behind the lens of a local photographer.

Adobe Photoshop: Layer and masks to build a better image.

Saturday, March 27 (9 a.m. & 10 a.m.) SOUTH BRIDGE ROOM

Presented by Peter Wilson

Layers, masks and layer sets can be intimidating but they don't have to be. Mastering these basic Photoshop tools can unlock new creative possibilities. We will walk you through the steps of each technique with time for questions. If time permits we will include a brief tutorial on some advanced masking and compositing techniques.

Options For Printing Your Own Photo Books

Saturday, March 27 (11 a.m. & 1 p.m.) SOUTH BRIDGE ROOM

Presented by Jean Davids and Val Somerville

This workshop will present options for printing your own photo books. This will include doing your own photo books from home or creating photo books over the Internet. We hope to have internet access so that we can demonstrate how to create photobooks using one of the many online options that exist.
